To Whom It May Concern,

This letter is to verify that Lifa Air Ltd has been our technical partner for Indoor Air Quality since 2006. They have provided concepts for Ventilation Hygiene, more specified filters and air duct cleaning for train and subway cars and metro- and railway stations.

Right here, we show our gratitude to Lifa Air's professional service and we also highly recommend choosing Lifa Air as your Indoor Air Quality service provider in the future.

Yours sincerely,

Duckshin Park
